

Personal health plans

It's time to look at insurance differently.

Life is constantly changing — and your health insurance should change along with it. You can customize our basic plans to fit your lifestyle and unique needs. You'll find support in making your health insurance choices, whatever your stage in life or occupation.

Personal health plans supplement your provincially-covered health insurance. With our basic plans, you can get the care you need when you need it. Choose from a list of options, including dental, prescription drugs, travel and life insurance, to create a customized plan.
