### IMPORTANT NOTICE – PLEASE READ YOUR POLICY CAREFULLY

This *Policy* contains a description of the Core Health Benefits and Optional Benefits available with Conversion Plans. Refer to your original offer letter to identify your benefits, as you may not have purchased all optional benefits available and/or you may have specific exclusions and limitations. **Italicized terms are defined in your *Policy*.**

All benefits contained herein are underwritten by Saskatchewan Blue Cross unless otherwise noted.

This *Policy*, together with any amendments, constitutes the entire agreement between Medical Services Incorporated, hereinafter referred to as Saskatchewan Blue Cross, and the *Policyholder*.

### Travel Benefits

The Out-of-Saskatchewan (Within Canada) Emergency Benefits and the Optional VIP Travel Benefits are designed to cover losses arising from a sudden and unforeseeable *Emergency* and typically not follow-up or recurrent care. We want you to understand (and it is in your best interests to know) what your *Policy* includes, what it excludes, and what is limited (payable but with limits). Please take time to read through your *Policy* before you travel.

- This insurance does not cover anyone travelling outside Saskatchewan with the intent to seek medical or dental advice or *Treatment*, even when recommended by a *Physician* or *Dentist*.
- This insurance contains both benefit-specific and general *Policy* limitations and exclusions (e.g. *Medical Conditions* that are not *Stable*, pregnancy, excessive use of alcohol, high risk activities).
- This insurance may not cover claims related to *Pre-Existing Medical Conditions*. Check to see how this information applies to your *Policy* and how it relates to your date of departure.
- In the event of a claim your prior medical history may be reviewed.

Your *Policy* requires you to notify the Saskatchewan Blue Cross Travel Assistance Provider within twenty-four (24) hours of your *Emergency* so they can confirm coverage and provide authorization for *Treatment*. Should your illness or *Injury* be serious or critical, first seek the urgent medical attention you require. A family member, travelling companion, or treating facility may contact our Travel Assistance Provider at earliest chance. If your condition does not require immediate medical attention, we recommend you contact the emergency assistance numbers prior to seeking *Treatment*.
